

The Big Neighbourhood

Winter Windowland Trail

Dear Neighbour,

This December we're taking part in the fantastically festive Big Neighbourhood Winter Windowland Trail and it would be great if others in our street and neighbourhood would take part too. It's a lovely way of spreading a bit of extra Christmas magic, especially needed after the year we've all had!

To join in all you need to do is:

- 1 This December, decorate a festive window in your home - festive lights, snowy scenes, Santa, snowmen, elves...whatever you like!
- 2 On the weekend of 19th/20th December 2020, take a walk in your local neighbourhood to take part in the trail and see how many festive items you can spot in windows - it's a great way of having some safe, festive family fun when so many traditional Christmas activities and events are cancelled this year.
- 3 When you join in, either by putting up your window display or going out on the trail, help us to spread some extra festive cheer to families most in need by donating to the food distribution charity FareShare (www.justgiving.com/fundraising/the-big-neighbourhood-winter-windowland) or by donating to your local food bank.

You can find out more information, get some free resources and printables for design inspiration and access the official trail sheet at www.artventurers.co.uk/the-big-neighbourhood-winter-windowland-trail

If you're on Facebook you can also join the Facebook community group for lots of window ideas by searching for "The Big Neighbourhood Winter Windowland" on Facebook

Thank you for joining in and helping to spread the festive magic!
